

FAIR TRADE BANANA SONG (sung to the Chiquita Banana melody)

"I'm a Fair Trade Banana and I've come to say - I offer global outreach in a simple way - When you choose Fair Trade bananas you've done your part - To give hard-working farmers a better start - Underneath the crescent yellow - You'll find vitamins and great taste - so many ways that you can use 'em - You'll feel better when you choose 'em - They're a gift from Mother Nature and a natural addition to your table - For organic, fairly-traded fruit - look for The Fair Trade label!"
